

# Aquila reclining Bath Lift

Code MWA

bringing independence to life

- Longer back rest for increased support of your shoulders, neck and head
- Super light weight means its easy to transport and fit into your bath.
- Generous leg room for better bathing
- Very strong and stable for added confidence when bathing.
- Handset is comfortable to hold and easy to charge.

## Hygienic & simple to clean

- Unique open base frame with limited crevices means dirt and water are not trapped.
- Silver - based antimicrobial solution protects against harmful bacteria and bathroom mould.

## Easy to move & handle

- Light weight flat folding design can be carried against body for unobstructed view.
- Space saving for storage.
- Separates into two parts for safer fitting and removal.
- Easy sucker release system means there is no struggling to release individual suction feet.

## Adaptable to individual needs

Easy fit accessories include :

- Padded seat covers for increased comfort and warmth
- Paediatric knee wedge and pommel for added postural support
- Harness's that are padded and adjustable in width and location.

## Hand control with large tactile buttons

are easily operated by persons with limited dexterity or visual impairment
